

FARU 2019

Re-evaluating Space Across Disciplines

12TH INTERNATIONAL RESEARCH CONFERENCE

Re-evaluating Space Across Disciplines

3-4 DECEMBER, MORATUWA

Conference Theme

The conference hopes to discuss research on 'space' and to 're-evaluate' conscious decisions taken on research, practice based work within the disciplines of build environment, town and country planning, building economics and design to translate space.

FARU 2019 opens up the platform to discourse theoretical or empirical case studies through discussions, debate across disciplines under the following:

The main theme:
- Re-evaluating Space

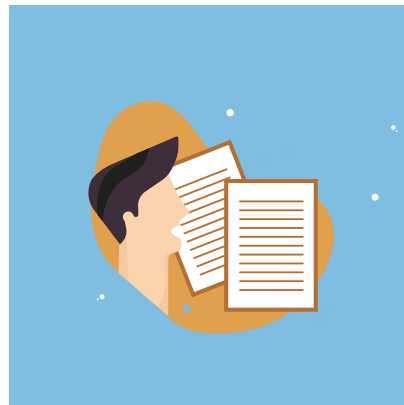

Sub-themes:

- Usage of space and human interaction
- Professional space and economic impact
- Experiencing space and perception
- Spaces in history and new learnings
- Physical and virtual space as concepts

Organized by

FARU FACULTY OF ARCHITECTURE
RESEARCH UNIT
UNIVERSITY OF MORATUWA, SRI LANKA
