

Dates : 27th and 28th November 2026

Venue : University of Moratuwa, Katubedda, Sri Lanka

CALL FOR PAPERS

FARU CONFERENCE THEME

The 19th International Research Conference of Faculty of Architecture Research Unit (FARU 2026) will be held on 27-28 November 2026 online and at the University of Moratuwa, Katubedda, Sri Lanka. The conference theme for this year is **“Resilient Intelligence: Adapting the built environment to a Changing World”**. This theme emphasizes the urgent need to rethink how we design, plan, and manage the built environment in response to growing global challenges such as climate uncertainty, rapid urbanisation, evolving social dynamics, and accelerating technological change. It highlights the role of both human insight and technological innovation in creating adaptive, responsive, and future-ready environments that not only withstand disruptions but also learn, evolve, and thrive through them. Furthermore, the theme encourages interdisciplinary collaboration and critical experimentation, recognising that resilient and sustainable futures are collectively shaped across diverse fields, cultures, and communities.

Possible topics in the thematic selection includes (but not limited to)

- Green products, buildings and cities
- Technology for simulating-built form
- Making places for people
- Methods, tools and practices in delivering sustainable solutions
- Integrated systems, policy and governance
- Sustainable construction management

IMPORTANT DATES

PAPER SUBMISSION DEADLINE

30TH JUNE 2026

NOTIFICATION OF REVIEWER COMMENTS TO AUTHORS

15TH AUGUST 2026

CAMERA-READY PAPER SUBMISSION

31ST OCTOBER 2026

CONFERENCE END

27TH AND 28TH NOVEMBER 2026

The templates to be used for both full paper and author details are available in the FARU website

The Conference is organised by
